[100 marks]

You will be provided sheets of white or near-white cartridge paper (37.5 cm × 55 cm or half-imperial). The examination centre may provide alternative types of the same size, but **not** cardboards, ivory boards **nor** any other type of glossy paper.

Instructions to Candidates

*Write your **name and index number in ink** in the spaces provided above.*

Except where a question asks for a particular medium to be used, you are advised to consider your choice of different media and processes. You are reminded that the following are permissible only for design work:

printing from lino, any vegetable such as potato, any fruit, or any material such as hardboard or string that will give an interesting texture, stencil (cut in the examination room), wax resist, coloured inks, poster paints and water-colours.

No paper, either blank or prepared, would be allowed in the examination room.

You are required to produce original work. Candidates who fail to do so will be severely penalized.

Instruments and blank tracing paper are allowed, but you are advised to restrict your use of them as far as possible when designing.

Write clearly the **number** of the question, your **name** and **index number** in the top right-hand corner of your paper. This corner should be kept clear of paint; it may prove impossible to award marks for your work unless your name and index number are legible. Except for this information, you must **not** write on the front of your picture.
